TOURPROGRAM - 4 DAY NAMAQUALAND FLOWER TOURS:

Included : 3 Nights ' accommodation at Namaqua Lodge
Registered tour guide
Super Luxury bus transport
Meals as indicated

Excluded : Entrance fees (maximum of R100 pp per tour), tips& drinks.

DAY 1: We leave Cape Town and travel through the Bloubergstrand area, past Melkbosstrand, Atlantis and Mamre and Darling, past Saldanha, which is South Africa's biggest, deepest and safest harbour. From here we make the short trek to the Triplet-Towns of Velddrift, Port Owen and Laaiplek. These small West Coast towns are known as the bokkom-capital of the world, situated at the estuary of the Berg River. Port Owen has a striking resemblance to Venice, with its streets of water. We continue our route through Dwarskersbos towards the Rocherspan and past Verlorenvlei with its rich diversity bird species before reaching Eland's Bay. From here we push through the Sandveld and its historic towns Leipoldtville and Graafwater. Finally, we reach Clanwilliam from where it's a short trip to Vanrhynsdorp, our final destination for the day, where we will spend all of our nights. The Namaqua Lodge in Vanrhynsdorp will be our home from home for the remainder of the tour.

Includes: Refreshments and dinner.

DAY 2: Today is most certainly the highlight of the tour. We start the day early with a trip to the Knersvlakte. Even though it might look like nothing grows along the plains, on closer inspection we see a magnificent diversity of dwarf succulents. These tiny plants grow between the white quartz stones and are small enough to miss if you drive in a car yet extraordinary if you stop to look. Next we move into the Hardeveld with its signature towns Nuwerus and

Bitterfontein. After we bid farewell to the Hardeveld we move to the Namaqualand Klipkoppe. This beautiful mountainous region stretches from Garies all the way up to Springbok. On route we will encounter a ghost town as well as one of Great Britain's smallest title deed. Our visit will take us to the tiny mining-towns of Nababeep, Concordia and Okiep, which was once the richest copper-ore mining region in the world. And finally, of course, we get to see Namaqua's beautiful flowers in full bloom! This promises to be the highlight of the day. If you haven't been to the Namaqualand Klipkoppe during flower season you haven't seen flowers yet.

Included: Breakfast, refreshments and dinner.

DAY 3: Today we take a different route through the Knersvlakte. We travel towards the Bokkeveld Mountain range where we will drive up the Vanrhyns Pass. This pass promises some of the most awe-inspiring, breath-taking views of Namaqualand you will ever see. After we reach the summit we head towards Niewoudtville- the bulb-capital of the world. Here we will spend the day experiencing everything this little town has to offer. From the spectacular Quiver tree forest, to the majestic Niewoudtville Waterfall, some one-of-a-kind flower species and finally end the day at the glacier tracks with a small surprise. We will also spend some time at the local Dutch Reformed church. This beautiful sandstone building has a very interesting tale around its founding. The church is most probably the only church with a monument erected for debt. This area also promises some of the most beautiful flower scenery with its farm-style backdrop.

Included: Breakfast, refreshments and dinner.

DAY 4: The final day of our tour takes us through the Olifants River Valley towards Clanwilliam. From here we enter the Pakhuis-Mountains, so named for the way the rocks look to be stacked on top of each other. We visit the gravesite of the legendary C. Louis Leipoldt where we also see some extremely rare flower species. Next we travel back to Clanwilliam to visit the Ramskop natural garden on the banks of the Clanwilliam Dam. This garden is incredibly diverse with approximately 350 flower species. We travel through the valley between the Cederberg and Olifants River Mountain ranges up to the Piekenierskloof-pass. Once we traverse the pass we enter the ironically named Swartland with its golden canola fields and green wheat plains. We finally reach Cape Town in what would most undoubtedly be the most soul satisfying, rejuvenating and inspiring experience.

Included: Breakfast and snacks.

Why travel with Namaqua tours?

Who is Namaqua Tours and what do we do differently?

- We are from Namaqua and know our region well
- We are a family business and is in the tour industry since 1985
- Our tour guides are the most competent, helpful and friendliest guides that you'll ever find in Namaqualand.
- Each tour member's personal requirements will be met by our trained personnel.
- Namaqua Lodge, where our tour members will stay every night of the tour, is centrally located in the heart of Namaqualand. From here on we travel in a different direction every day depending on the weather conditions. We want to see the best flowers on the warmest days.
- Our hotel, Namaqua Lodge is well known for its sumptuous meals and this is one of Namaqua tours' strong suites.
- All our rooms have their own private bathroom and are on ground level.
- We stay at one place for the duration of the tour, meaning you only have to unpack and pack in once.
- There is no rushed tour program. Our bus driver is also on holiday and not under any pressure. Our program is not limited to kilometers. We travel to where the best flowers can be seen.

The extra mile we walk

- Tour members who prefer to stay over in Cape Town prior to the tour or after can be accommodated. For the best tariffs we negotiate with certain hotels for our tour members.
- We also assist with flight, train, hotel and transport arrangements. Please contact us for more information.
- Private tours and teambuilding tours can also be arranged. Any group of 4 or more can be accommodated for a tour to our region.

Remember the following when you are coming to see flowers

- Other than Namaqualand's 5 regions (Knersvlakte, Hardeveld, Namakwalandse Klipkoppe, Richtersveld & Kusvlakte) there are other regions that annually displays some of the best flowers like the Westcoast, Olifantsriver-valley, Swartland, Bokkeveld, Cederberg and Biedouw-valley.
- The flower region is widespread - so be prepared to travel many kilometres.
- Every region's flowers if different from the other. You will never see all the regions' at its best at the same time, but from the beginning of August to the middle of September.
- Flower season **IS** a rainy season. When it rains you cannot see flowers.
- Namaqualand and the surrounding regions doesn't all consists of fields of flowers - there are more than 3500 different flower species. The journey is so much more fascinating when you find out more about all the different flower types and species.

Why do we depart from Cape Town with our flower tours

When we depart from Cape Town, we already enter the flower regions. The Westcoast annually hosts some of the best flowers and is always worth visiting. If our bus should have departed from Gauteng, it would take us two days to reach Namaqualand, and we would have to return with the same route. It means that we would mainly travel in one direction and that we couldn't sleep at the same place every night to fit the tour program to the weather conditions. We are in the tour industry since 1985 and are proud to say that we have the recipe for success when it comes to tours in Namaqualand.

www.facebook.com/namaqualandtours

Our Facebook page speaks for itself. It proves that we show flowers to our tourmembers and not only drive through the regions. Visit the above mentioned address to see what our tourmembers experience every year. After each tour the photos of that tour will be uploaded to Facebook. This is just another free service which Namaqua Tours offer. Flower viewers come to see flowers - our tour members certainly see flowers!

What happens when Namaqua Tours cancels a tour?

- Namaqua Tours undertake not to cancel any tour as far as possible. We never needed to cancel a flower tour. If ever it should happen that we must cancel a tour, we shall refund your money within 24 hours plus 10% interest per year.

How do I book a tour at Namaqua Tours?

- When you have decided to book one of our tours, complete the application form. Then fax or e-mail it to our office. You can also do a booking online on our website. We shall then do the rest (hotel and flight bookings if indicated as such by you). You will receive a tour reference number and the bank particulars of Namaqua Tours. **This reference number must appear on your deposit slip.** This tour reference number must also be indicated on all correspondence with regard to the tour that you booked.
- We DO NOT supply bank particulars without a booking form. The only reason for this is that tour members deposited money in the past without a tour reference number, and that they did not do a booking per fax or e-mail. It has happened that prospective tour members deposited money, but that that specific tour was already fully booked.

We start every morning with a prayer, and trust in the Lord for a safe and soul enriching tour

It is very important and maybe compulsory to visit as many areas in Namaqualand as possible. Therefore we're very blessed to stay in Namaqualand and execute our tours from here, which is why we know exactly where to find the flowers. We also know what happens in our region and when it rains, what each area looks like, as we are in contact with people in various areas of Namaqualand.

We ensure that each flower tourist sees only the most beautiful flowers and the best sights of the area and for the best affordable tour price. It is important that you should bear in mind that it is our rain season, and if you planned to stay in a different town each night and you have to travel from one specific town to another while it rains, that you will not see any flowers due to the weather that moves with you. This is why we hold the right to exchange our daily travel plans to adjust to the weather.

Friendly Floral Greetings:

Namaqua Tours Team
